No. SEIAA/GUJ/EC/5(f)/ /2008

Date:

Time Limit

To,
M/s. Bansari Industries,
Plot No.65/1/B,
Phase-2, GIDC-Vatva,
Ahmedabad- 382445.

Sub: Environment Clearance for manufacturing of chemicals at Plot No. 65/1/B, Phase-2, GIDC-Vatva, Ahmedabad by M/s. M/s Bansari Industries... in Category 5(f) of Schedule annexed with EIA Notification dated 14/9/2006.

Dear Sir,

This has reference to your application made along with Application Form 1, EIA/ EMP and feasibility report and submitted to MoEF, seeking Environmental Clearance under Environment Impact Assessment Notification, 2006. Later, SEAC had received this application from the Ministry of Environment & Forest, Government of India, after formation of the State Level Environment Impact Assessment Authority (SEIAA), Gujarat and the State Level Expert Appraisal Committee (SEAC), Gujarat.

The proposal is for Environmental Clearance for manufacturing of Reactive Dyes by M/s. Bansari Industries, Plot No. 65/1/B, Phase-2, GIDC-Vatva, Ahmedabad. The unit is located in to the notified industrial estate of GIDC-Vatva. The proposed expansion will be within the existing land. Total cost of the project would be Rs. 45 Lacs. The unit has applied for manufacturing of the following Reactive dyes:

Sr. No.	Name of the product	C.I. Number	Quantity per Month
1.	Reactive Black B/BN/BG/5	--	Total Quantity-50 Mt/Month (MIXOF PRODUCTS)
2.	Reactive Black WNN/R/G	--	
3.	Reactive Golden Yellow HR	31221036	
4.	Reactive Orange ME2RL/122	31221037	
5.	Reactive Red ME4BL/195	31221002	
6.	Reactive Red ME6BL/250	31221005	
7.	Reactive Yellow ME4GL	31221021	
8.	Reactive Blue 222	--	

9.	Reactive Golden Yellow MERL/145	31221018	
10	Reactive Yellow 84/HE4R	31221023	

The project activity is covered in 5 (f) and is of 'B' Category. Since the unit is located in to the notified industrial estate of GIDC-Vatva, it does not need Public Consultation as per Para 7(i) III. Stage (3) (b) – Public Consultation of EIA Notification, 2006.

The SEAC, Gujarat had recommended to the SEIAA, Gujarat, to grant the Environment Clearance to this project for the above-mentioned products. The proposal was considered by SEIAA, Gujarat in its meeting held on 30.08.2008 at Gandhinagar. Since the EIA/ EMP Report was found to be adequate and complete and the public consultation is not required for the project, the SEIAA hereby accords Environmental Clearance to above project under the provisions of EIA Notification dated 14th September, 2006 subject to the compliance of the following Specific and General conditions.:

A. SPECIFIC CONDITIONS:

A.1 WATER:

1. No ground water shall be used for the project. Water requirement of 10000 liter per day shall be met with the GIDC supply only.
2. The wastewater generation from the project shall not exceed 5400 liter per day. The treated effluent shall be conveyed to Common Effluent Treatment Plant at Vatva through underground pipeline. Till the CETP, Vatva meets with the GPCB norms at its outlet; the unit shall provide and operate the Effluent Treatment Plant (ETP) with adequate primary, secondary and tertiary treatment facility to achieve the GPCB norms. Once the CETP, Vatva, meets with the GPCB norms at its outlet, the unit shall treat its effluent to meet with the CETP inlet norms.
3. Unit shall provide metering facility at the inlet and outlet of the ETP and maintain the record of the same. In no case the wastewater generation shall exceed the consented quantity prescribed above.

A.2 AIR:

4. The unit shall partially outsource spray drying activity from the other units which has valid consent from the GPCB and partially carry out spray dryer in house.
5. The unit shall provide cyclone separator and Water scrubber with chimney of adequate height as air pollution control measures to the spray dryer. The design of such Air Pollution Control Measures shall be got approved through the reputed institutes like L.D. College of Engineering, NPC, DDIT and like others.
6. LDO / FO shall be used as a fuel in the small industrial boiler (under IBR) and the Hot air Generator as proposed and adequate stack height as per prevailing norms shall be provided.
7. The fugitive emission in the work zone environment shall be monitored. The emission shall conform to the standards prescribed by the concerned authorities from time to time (e.g. Factories Act & Rules).
8. All the vessels used in the manufacturing process shall be closed to reduce the fugitive emission.

A.3 SOLID WASTE:

9. ETP sludge shall be dried in sludge drying bed. It shall be packed and stored in hazardous waste storage area facility with pucca bottom and leachate collection facility.
10. Unit shall dispose its ETP sludge at TSDF-Vatva. Unit shall obtain necessary permission from the TSDF operator for the same from time to time.
11. Discarded containers / liners shall be sold only to the registered recycler after decontamination.
12. Used oil / waste oil shall be sold only to the registered recycler.

A.4 SAFETY:

13. Personal Protective Equipments shall be provided to workers and its usage shall be ensured and supervised.
14. First Aid Box and required Antidotes for the chemicals used in the unit shall be made readily available in adequate quantity.
15. Training shall be imparted to all the workers on safety and health aspects of chemicals handling.
16. Occupational health surveillance of the workers shall be done and its records shall be maintained. Pre-employment and periodical medical examination for all the workers shall be undertaken as per the Factories Act & Rules.
17. Handling and charging of the chemicals shall be done in such a manner that minimal human exposure occurs.

A.5 NOISE:

18. The overall noise level in and around the plant area shall be kept well within the standards by providing noise control measures including engineering controls like acoustic insulation hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise level shall conform to the standards prescribed under The Environment (Protection) Act, 1986 & Rules.

A.6 CLEANER PRODUCTION AND WASTE MINIMISATION:

19. The company shall undertake various waste minimization measures including :
 - a) Metering and control of quantities of active ingredients to minimize waste.
 - b) Reuse of by-products from the process as raw materials or raw materials substitutes in other processes.
 - c) Use of automated and enclosed filling to minimize spillage.
 - d) Venting equipment through vapour recovery system.
 - e) Use of high pressure hoses for equipment cleaning to reduce wastewater generation.
 - f) Use of close feed system into batch reactors.

A.7 GREEN BELT AND OTHER PLANTATION:

20. Unit shall develop green belt within premises as per the CPCB guidelines. However, if the adequate land is not available within the premises, the unit shall take up adequate plantation at suitable open land on road sides and other open areas within the GIDC or in nearby locality or schools and submit an action plan of

plantation for next three years to GPCB.

21. The Vatva Industries Association shall endeavor to generate a corpus fund for this purpose and take up massive greenbelt development activities within the estate and on the periphery of the estate for which the unit shall make appropriate contribution in consultation with the GPCB.

B. GENERAL CONDITIONS:

22. All the recommendations made in the EMP report of the project /undertakings submitted shall be implemented.
23. Impervious layer in the work area, chemical storage area and chemical handling area shall be provided to minimize soil contamination.
24. Leakages from the pipes, pumps, shall be minimal and in case the same occurs it occurs, shall be arrested promptly.
25. At no time, the emissions shall exceed the prescribed limits. In the event of failure of any pollution control system adopted by the unit, the unit shall be immediately put out of operation and shall not be restarted until the desired efficiency has been achieved.
26. The project management shall also comply with all the environment protection measures, risk mitigation measures and safeguards recommended in the EIA / EMP report as well as other proposals made by them.
27. The applicant shall also comply with any additional condition that may be imposed by the SEAC or the SEIAA or any other competent authority for the purpose of the environmental protection and management.
28. No further expansion or modifications in the plant shall be carried out without prior approval of the MoEF/ SEIAA, as the case may be. In case of deviations or alterations in the project proposal from those submitted to MoEF/ SEIAA/ SEAC for clearance, a fresh reference shall be made to the SEIAA/ SEAC to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
29. The project authorities shall earmark adequate funds to implement the conditions stipulated by SEIAA as well as GPCB along with the implementation schedule for all the conditions stipulated herein. The funds so provided shall not be diverted for any other purpose.
30. The applicant shall inform the public that the project has been accorded environmental clearance by the SEIAA and that the copies of the clearance letter are available with the GPCB and may also be seen at the Website of SEIAA/ SEAC/ GPCB. This shall be advertised within seven days from the date of the clearance letter, in at least two local newspapers that are widely circulated in the region, one of which shall be in the Gujarati language and the other in English. A copy each of the same shall be forwarded to the concerned Regional Office of the Ministry.
31. It shall be mandatory for the project management to submit half-yearly compliance report in respect of the stipulated prior environmental clearance terms and conditions in hard and soft copies to the regulatory authority concerned, on 1st June and 1st December of each calendar year.
32. The project authorities shall also adhere to the stipulations made by the Gujarat Pollution Control Board.
33. The project authorities shall inform the GPCB, Regional Office of MoEF and SEIAA about the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.
34. The SEIAA may revoke or suspend the clearance, if implementation of any of the above conditions is not found satisfactory.
35. The company in a time bound manner shall implement these conditions. The SEIAA reserves the right to stipulate additional conditions, if the same is found necessary. The above conditions will be enforced, inter-

alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act 1986, Hazardous Wastes (Management and Handling) Rules, 2003 and the Public Liability Insurance Act, 1991 along with their amendments and rules.

36. This Environmental Clearance is valid for five years from the date of issue.

With regards,
Yours sincerely,

(SANJIV TYAGI)
